

LUNGS&YOU CALL CENTER

Lungs&You Call Center

The Lungs&You[®] Call Center is designed to help you get answers, fast. Call 1-844-473-2638 to speak with a dedicated nurse who specializes in idiopathic pulmonary fibrosis (IPF) or to request educational materials. IPF may affect you differently at different points, and our nurses are here to answer questions and help guide you along the way.

Personalized Support Is One Phone Call Away

You can also opt in to get support based on your own IPF needs, sign up to receive educational material, and get connected with additional services to help you better manage your IPF day to day.

When you call IPFandYou[®], our dedicated nurses can:

Answer questions about IPF diagnosis

Share lifestyle tips to help you manage IPF

Connect you with support services

Send you patient educational materials

Provide latest information on IPF
